Catalog

This features allows you to create Product pages.

Warning: if you have menus, don't create them with this feature but use the "Menu" feature instead which is more appropriate.
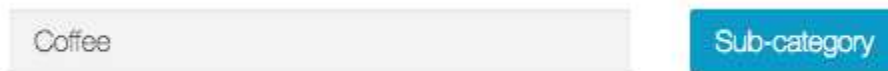

Let's check out how to setup this feature:

## First, create a main category (click on "main category"):

PAGE SETTINGS

Page name:

Catalog

Activated

Social Sharing

Main category

Coffee

Add   X

Then, there are 2 options:

- create a sub-category if needed (by clicking on "Sub-category") :

Coffee   Sub-category

- or directly create a product (by clicking on "Product") :

CREATE A NEW PRODUCT

OK

Product name :   American coffee

Description :

Source   B I U S I_x

A ·   Normal   · Size   ·

Grand Arabica

body p

Price :   3.00

Picture :   Add a picture

PRODUCT FORMATS

You can setup background images for this feature via the tab "Background":

And a design, via the tab "Design":
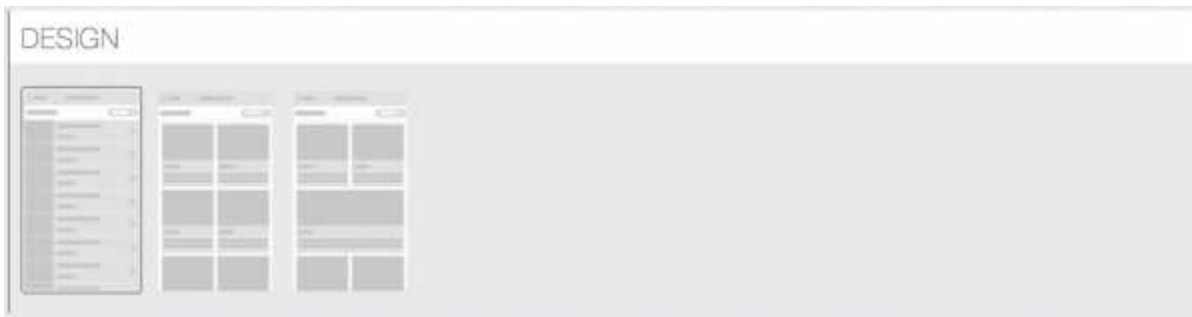

You can obtain this on the phone:
