

Fan Wall

With the Fan Wall feature, users of your application will be able to post comments and/or photos and to discuss among themselves.

1. Add a Fan Wall

When you add the Fan Wall feature to your application, you can set the “Near me” settings. It will allow a user to display on the Fan Wall only comments/photos from users around him, in the radius you have determined.

NEAR ME SETTINGS

'Near me' radius (in km):	<input type="text" value="10"/>
---------------------------	---------------------------------

2. Add messages

You can add messages directly from the Editor by clicking on “Add an item” and then type your text and/or upload an image.

📷 Insert a picture

Or you and the users of the app can add messages on the Fan Wall through the application. Just click on the little icon in the upper right corner of the Fan Wall page.

Then create an account or log in (if you already have an account). And then type your message and/or upload a picture.

3. Display possibilities

Let's see how it looks on the Fan Wall. You can choose "Near me" to display messages posted from a close position to you (determined by the "Near Me" radius), or "Recent" to display recent messages.
